Welcome to The Window, the comprehensive clearinghouse for philosophy on the Web.

New! The ancient [Islamic Thinkers](#) page. Explore the ideas that continue to influence western thought. **Extra --** [Islamic Resources](#) on the web.

Added new [Reasearch resources](#) page to [Other Sites](#) area. Over 20 searchable indexes, research jumping off points, dictionaries and encyclopedias listed.

Updated the [Books Page](#). Links to over 100,000 online texts!

See the new offerings on the [Philosophers Page](#). Just added: **A slew of mathematicians:** Pierre de Fermat, Hypatia, Charles Babbage, Lady Lovelace, Von Neumann. **Some linguists:** Santayana, Derrida. *Not to mention:* Karl Popper, Heraclitus, Jacques Maritain, Martin Buber, Rudolf Carnap, Emile Durkheim, Lao Tzu and Strawson.

Frank and I hope you enjoy the trip, and possibly learn something along the way. In either event(or both), [drop](#) us a line.
