Welcome

The European Union Studies Association (EUSA) is the premier scholarly and professional association focusing on the European Union, the ongoing integration process, and transatlantic relations. Founded in 1988, EUSA now has almost 1000 members throughout North America, all EU member states, and on all continents, representing the social sciences, the humanities, business and law practitioners, news media, and governments on both sides of the Atlantic. We welcome as members all those interested in any aspect of European integration, European Union affairs, and the transatlantic relationship. We are an independent, non-profit educational organization and our support comes from membership dues and donations, program revenue, and grants. Our administrative office is generously provided by the [University Center for International Studies](#) at the [University of Pittsburgh](#).
