Li Jin is an associate professor in the finance area at the Harvard Business School. He currently teaches Investment and Finance in Emerging Markets, a course that he designed. In the past he has taught International Financial Management in the second year MBA program and the required finance courses in the first year MBA program. His primary research interest is in empirical corporate finance and empirical asset pricing. His current researches study emerging financial markets. He has also studied compensations of corporate managers, the trading patterns of institutional investors such as hedge funds, mutual funds and pension funds, and the comparison of securities markets across countries.
