Overview	Biography	Publications & Course Materials	Current Research	Areas of Interest
-----------------	-----------	---------------------------------	------------------	-------------------

Arthur Daemmrch is an assistant professor in the Business, Government and the International Economy Unit and a faculty member of the HBS Healthcare Initiative. He studies the identification and contestation of novel health and environmental risks, and the conditions under which they are destabilizing to firms and regulatory agencies. His research is empirically grounded in international comparative studies of regulatory institutions, and sector-level research on the pharmaceutical, biotechnology, and chemical industries.
