**The analysis of
contemporary markets
with selected organic
products in the Czech
Republic and in
selected foreign
countries**

**Agric. Econ. – Czech, 50 (2004): 417-
422**

The paper aims to analyse the contemporary situation on markets with selected organic products in the Czech Republic as well as in selected European countries. The

attention is paid especially to the share of organic products' consumption (cereals, potatoes, fruits, vegetables, milk, pork, poultry and eggs) in the total food consumption in the Czech Republic, in Spain, in Sweden, in the Netherlands and in Great Britain.

Keywords:

organic agriculture, organic market,
consumption of organic products
