On the Performance of the Principle of Equitable and Reasonable Utilization in the Practice of the Utilization of Transboundary Water Resources

PDF (Size: 202KB) PP. 40-45 DOI : 10.4236/ib.2009.11007

Author(s)

Yanmei HE

ABSTRACT

The principle of equitable and reasonable utilization is the fundamental one of International Water Law, which is generally established by international water treaties and soft law documents. It is better performed in the practice of the utilization of transboundary water resources. China can use it to participate in the development and utilization of Mekong river basin equitably.

KEYWORDS

equitable and reasonable utilization, transboundary water resources, downstream benefits, equitable sharing
