Title: Child's rights protection in Romania's law system

Author(s): [Anca Elena Benta](#); [Elena Ana Mihut](#);

Keywords: child's rights, protection, Law no. 272/2004

Abstract:

In modern times the child stops being considered as a protection "object", becoming participant to the social, including the juridical life. The child holds the fundamental humans' rights as the adult does. This new concept related to child's protection was pointed at international level by adopting the Organization of the United Nations Convention related to child's rights – approved by Law no. 18/1990.
