Title: The forced signatures and writings and criminalistic identification in economical infractionalities

Author(s): [Hadrian Vaida](#); [Nicolae Serfezeu](#); [Calin Mos](#);

Keywords: forced signatures, criminalistic identification

Abstract:

The importance of the signature and the signature' role in the field of the juridical trial is very well recognize. Economical infractionalities represent one of the most important application for criminalistic identification based on morphologic peculiarities of the signature's component in: traced and simulated forgeries, fantasy execution, signature obtained by trickery and disguise signature. We are interested especially to develop possible methods for exactly identification the author of signature and discriminant by documents between similitude and differences, used our cases and experience.
