Abstract:

The purpose of this paper is to highlight the social profile of delinquents that have committed offences of economic nature. The subjects considered in this paper are persons deprived of liberty that are in the custody of Oradea Penitentiary, having been imprisoned for transgressing the law in the business field. As a research method we have used the analysis of documents: it allowed us to obtain pertinent information concerning the phenomenology of persons condemned for having transgressed the law in the business field.
