ABSTRACT

[September 2005, Vol. 128, No. 9](#)

Estimating gross flows consistent with stocks in the CPS

Harley J. Frazis

Economist, Office of Employment and Unemployment Statistics, Bureau of Labor Statistics.

Edwin L. Robison

Mathematical Statisticians, Office of Employment and Unemployment Statistics, Bureau of Labor Statistics.

Thomas D. Evans

Mathematical Statisticians, Office of Employment and Unemployment Statistics, Bureau of Labor Statistics.

Martha A. Duff

Mathematical Statisticians, Office of Employment and Unemployment Statistics, Bureau of Labor Statistics.

The basic gross-flow table formerly used by the Bureau of Labor Statistics in examining labor market flows was expanded and the resulting tables were raked iteratively in order to produce labor market flow statistics compatible with CPS stocks.
