Revision of the CPI housing sample and estimators

Frank Ptacek

Chief of the Housing Section, Division of Consumer Prices and Price Indexes, Bureau of Labor Statistics

Robert M. Baskin

Mathematical Statistician, Division of Price Statistical Methods, Bureau of Labor Statistics

Changes in concepts and methods being readied for the 1998 revision should smooth the process of index production for shelter services. This article describes the systems, data bases, and procedures that are being developed for the upcoming revision of the Housing survey, and explains the advantages to be derived from each.
