**ABSTRACT**

[August 1999, Vol. 122, No. 8](#)

## Notes on time use

*Robert A. Pollak*

Hernreich Professor of Economics in the College of Arts and Sciences and the John M. Olin School, Washington University, St. Louis, Missouri.

---

Time-use data alone are insufficient for estimating household technology and the behavioral relationships that determine the allocation of time among activities; to estimate household technology requires data on all outputs and all inputs, whereas to estimate behavioral relationships requires recognizing the roles of preferences, intrahousehold allocation, and technology.
