Payroll employment in 2007: job growth slows

Robyn J. Richards

Economist, Division of Current Employment Statistics., Bureau of Labor Statistics.

E-mail: richards.robyn@bls.gov

Employment grew by just 0.8 percent in 2007, the lowest rate in 4 years; construction, manufacturing, retail trade, and transportation and warehousing were among the industries suffering losses, while health care, professional and technical services, food services and drinking places, and local government expanded.
