## Wage differentials associated with flextime

*Bonnie Sue Gariety*

Former Graduate Student, Economics, University of Wyoming, Laramie, Wyoming.

*Sherrill Shaffer*

John A. Guthrie Senior Distinguished Professor of Banking and Financial Services, Department of Economics and Finance, University of Wyoming, Laramie, Wyoming.

---

Analysis of the Current Population Survey indicates positive wage differentials overall for women on flextime in 1989 and for both men and women in 1997; significant differentials emerge for selected motivations, industries, and occupations
