## Teenagers: employment and contributions to family spending

*David S. Johnson*

Research Economist, Division of Price and Index Number Research, Bureau of Labor Statistics.

*Mark Lino*

Economist, U.S. Department of Agriculture.

---

Approximately one-third of all teenagers were employed some time during 1997–98; a closer look into family income and expenditures reveals that many of those working teens do not seem to work to contribute toward family necessities
