A-Browder's Theorem and Generalized a-Weyl's Theorem

Xiao Hong CAO

College of Mathematics and Information Science, Shaanxi Normal University

Abstract Two variants of the essential approximate point spectrum are discussed. We find for example that if one of them coincides with the left Drazin spectrum then the generalized a-Weyl's theorem holds, and conversely for a-isoloid operators. We also study the generalized a-Weyl's theorem for Class A operators.

Key words   a-Browder's theorem   generalized a-Weyl's theorem   spectrum
