

# On the curvature of G-manifolds with finitely many non-principal orbits

[Stefan Bechtluft-Sachs](#), [David J. Wraith](#)

(Submitted on 25 Jul 2011)

We investigate the curvature of invariant metrics on G-manifolds with finitely many non-principal orbits. We prove existence results for metrics of positive Ricci curvature and non-negative sectional curvature, and discuss some families of examples to which these existence results apply.
