

# On the well-posedness of weakly hyperbolic equations with time dependent coefficients

[Claudia Garetto](#), [Michael Ruzhansky](#)

(Submitted on 13 Jul 2011 ([v1](#)), last revised 22 Oct 2012 (this version, [v2](#)))

In this paper we analyse the Gevrey well-posedness of the Cauchy problem for weakly hyperbolic equations of general form with time-dependent coefficients. The results involve the order of lower order terms and the number of multiple roots. We also derive the corresponding well-posedness results in the space of Gevrey Beurling ultradistributions.
