Abstract

The paper presents a new framework for the maths development which is called maths difference. There are three typical maths difference: prove, axiom and shift, and also some others.

Item Type:	Preprint
Additional Information:	The paper is a summary of my original Chinese blog articles, you can see them at: http://blog.sina.com.cn/strongart .
Keywords:	mathematics philosophy, difference
Subjects:	Philosophy > Philosophy of Science
ID Code:	8983
Deposited By:	Yu, Zhicheng
Deposited On:	17 Sep 2013 14:26
Last Modified:	17 Sep 2013 14:26
