## Note on Dragomir-Agarwal Inequalities, the General Euler Two-Point Formulae and Convex Functions

**Authors:** [Ana Vukelić,](#)

**Keywords:** Hadamard inequality,  $s$ -convexity, Integral inequalities, General Euler two-point formulae.

**Date Received:** 12/01/05

**Date Accepted:** 20/01/05

**Subject Codes:** 26D15, 26D20, 26D99

**Editors:** [Ravi P. Agarwal,](#)

**Abstract:** The general Euler two-point formulae are used with functions possessing various convexity and concavity properties to derive inequalities pertinent to numerical integration.
