# Modeling the variability of rankings

[Peter Hall](#), [Hugh Miller](#)

*(Submitted on 10  
Nov 2010)*

For

better or  
for  
worse,  
rankings  
of  
institutions,  
such as  
universities,  
schools  
and  
hospitals,  
play an  
important  
role  
today in  
conveying  
information  
about  
relative  
performance.  
They  
inform  
policy  
decisions  
and  
budgets,  
and are  
often  
reported  
in the  
media.  
While
