Abstract: In this paper, we define the pullback cat^1 -groups and we showed that the category of pullback cat^1 -group is equivalent to the category of pullback crossed modules. 1991 A. M. S. C.: 13D99, 16A99, 17B99, 18D35.

Key Words: Crossed modules, cat^1 -groups, pullback.
