摘要　　In this papers the Fritz John conditions and Kuhn-Tucker conditions for majoroptimal solutions and major efficient solutions of multiobjective programming are givenand proved.

关键词　　Multiobjective programming, major optima

分类号

**Abstract**  In this papers the Fritz John conditions and Kuhn-Tucker conditions for majoroptimal solutions and major efficient solutions of multiobjective programming are givenand proved.

**Key words**　Multiobjective programming　major optimal solution　major efficient solution　Fritz John condition
