# LIMIT THEOREMS FOR SUMS AND MAXIMA OF MIRWISE NEGATIVE QUADRANT DEPENDENT RANDOM VARIABLES

QI Yongcheng

Institute of Systems Science, Academia Sinica, Beijing 100080, China

摘要　　Consider a sequence of pairwise negative quadrant dependent random variables. This paper studies the almost sure convergence of sequences of partial sums and maxima.

关键词　　Partial sums and maxima, pairwise negati

分类号

**Abstract**  Consider a sequence of pairwise negative quadrant dependent random variables. This paper studies the almost sure convergence of sequences of partial sums and maxima.

**Key words**　 Partial sums and maxima　 pairwise negative quadrant dependent random variables
