摘要 A Krein space approach to the operator version of the corona problem (denoted by(CPOV)) for both disk and polydisk is presented in this paper. In the case of polydisk, what we exhibit is only a necessary and sufficient condition for (CPOV) to be solved.

Abstract A Krein space approach to the operator version of the corona problem (denoted by(CPOV)) for both disk and polydisk is presented in this paper. In the case of polydisk, what we exhibit is only a necessary and sufficient condition for (CPOV) to be solved.
