(Received: 2002-5-15; Revised: 2002-7-1)

Abstract: We give the exact solution of Milburn equation for a coupled-channel cavity QED model which includes the Stark term and the frequency detuning, and study the influence of the intrinsic decoherence on the atomic inversion of the system.

PACS: 42.50.Dv

Key words: Milburn equation, intrinsic decoherence, atomic inversion
