

General Relativity and Quantum Cosmology

Dark Spinors

Christian. G. Boehmer, James Burnett

(Submitted on 7 Jan 2010 (v1), last revised 6 Feb 2010 (this version, v2))

This article will provide the reader with a short introduction to dark spinors, which are ELKO spinors, eigenspinors of the charge conjugation operator, applied to dark matter and dark energy.

Comments: 3 pages, 2 figures, submitted to the Proceedings of the Twelfth Marcel Grossmann Meeting on General Relativity; minor corrections

Subjects: **General Relativity and Quantum Cosmology (gr-qc)**
