Organic

Heterocyclic and Synthesis Group 31st Postgraduate Symposium

20 September 2016 10:30-17:30, Nottingham, United Kingdom 

Introduction

The 2016 symposium will be held on 20th September at Sygnature Discovery, BioCity, Nottingham.

Our 31st symposium gives the opportunity for final year postgraduates to present their research as a short talk. There is also a flash presentation and poster session; open to all postgraduate students and postdoctoral researchers. Prizes will be awarded for the best presentations.

There will be additional talks by Professor Nigel Simpkins (Birmingham) and a speaker from the pharmaceutical industry (TBC).
