Abstract. The origins and popular history and cu cycle and causes of its prevalence evolution v functional characteristics, modeling features and and studied, which laid the foundation for style re predicted.

Introduction

Trend of shoes is the cultural phenomenon that a certain period of time and certain areas. Shoes tre dozen years ago, decades ago or even earlier time and then became popular. Scientific and reason factors affecting the trend of shoes. The same sty might be changes in the details, and closer to so humanist. Platform shoes have a long popular hi from time to time. Popular platform shoes of t platform shoes [1]. Now they are more in line wit beauty and comfort are accepted, and gradually platform shoe are refined, and described accord redesign and design time, and maintaining a certa

The Origin of Platform Shoes

The prototype of platform shoes is Chopin shoes Chopin shoes were reformed to the Chopin shoes cork shoes had a high sole of up to 30-inch or r decorated with precious stones to match the desig of social status and wealth. When the owner put o on aside, and helping the owner to keep her legs. statues on high-platform. However, even in the fa of wearing this kind of shoes [4].

Trend of Platform Shoes

Looking back at the history of fashion, it is r manifestations in the various stages of history. Ear in both East and West. In Europe, platform sho aristocratic ladies. In China, flowerpot-soled shoe Qing Dynasty Imperial Palace. Later, platform sh designed more delicately and attractively. Becaus
