

## 3<sup>rd</sup> ShanghaiTech-SIAIS BioForum

*Advances and Perspectives in Integrative Biology of Cellular Processes*

The theme of the third ShanghaiTech-SIAIS BioForum will be Advances and Perspectives in Integrative Biology of Cellular Processes. The BioForum will discuss new developments in cellular systems that include membrane proteins, macromolecular machines, cellular pathways and host-pathogen interactions, as well as the visualizing of cellular processes using cutting-edge technologies.

The venue of the BioForum will be the Jumeirah Himalayas Hotel in Shanghai. The BioForum will last 3.5 days from November 7 through 10 of this year, and will offer a high level panorama of modern developments in this very exciting and all-encompassing area.

On behalf of the Scientific Governance Board of the Shanghai Institute of Advanced Immunochemical Studies (SIAIS), it is our pleasure to welcome you to the BioForum!

### Organizing Committee

**Ernesto Carafoli** - Padova

**Richard Lerner** - La Jolla

**Biao Jian**

**Guang Ya**

**Mingqian**

*"I would like to extend, on behalf of the Committee, the warmest welcome to all ShanghaiTech SIAIS BioForum 2016 !"*

**Ernesto Carafoli**

*Chairman of the Organizing Committee*

### Local Administration
