Abstract: This study is based on macrofungal specimens collected from Buldan district (Denizli) in 2006. As a result of field and laboratory studies, 3 new records of macrofungi species were determined for Turkey. These are *Otidea bufonia* (Pers.) Boud., *Hebeloma cavipes* Huijsman, and *Russula nauseosa* (Pers.) Fr.

Key Words: Macrofungi, new records, taxonomy, Turkey
