A Note on *Cheilothela chloropus* (Brid.) Lindb. (Ditrichaceae, Musci) in Turkey

Adnan ERDAĞ

Adnan Menderes University, Faculty of Science & Arts, Biology Department, 09010 Aydın - TURKEY

Abstract: Fruiting specimens of *Cheilothela chloropus* (Brid.) Lindb. were collected and illustrated for the first time from the southwest of Turkey. A description and the distribution of the species are given to provide a contribution for further studies on Turkish mosses.

Key Words: *Cheilothela*, Turkish mosses, Ditrichaceae, Phytogeography
