Testig Growth of *Elodea nuttallii* (Planch.) H. St. John with Different Culture Media

Hanife ÖZBAY

Kafkas Üniversitesi, Fen-Edebiyat Fakültesi, Kars - TURKEY

Abstract: The Growth rate of *Elodea nuttallii* (Planch.) H.St.John was tested in different culture media. Effects of snail was also determined on the growth rate of the plant. *E. nuttallii* grew well in the canal sediment medium. It also grew well in Steinberg Solution No 1, but not in Steinberg Solution No 2 and JIC:sand media. Overall the snail treatment did not significantly affect the growth rate of *E. nuttallii* in all tested growth media.

Key Words: *Elodea*, snail, nutrient
