**Abstract:** Studies on herbarium material of grasses recently collected in Turkey revealed the existence of three taxa hitherto not reported from this country: *Bromus tomentellus* Boiss. subsp. *nivalis* (Bornm.) H. Scholz & Byfield, subsp. et stat. nov., *Microstegium vimineum* (Trin.) A. Camus as a probably introduced plant, and *Poa asiae-minoris* H. Scholz & Byfield, sp. nova, described here as a species new to science.

**Key Words:** Gramineae, new records, Turkey.
