Contributions to the Macrofungi Flora of Gümüşhane Province

Yusuf UZUN, Ali KELEŞ, Kenan DEMİREL

Yüzüncü Yıl University, Faculty of Arts & Science, Department of Biology, Van - TURKEY

Abstract: Some macrofungi specimens were collected from Gümüşhane province between 2001 and 2003. As a result of field and laboratory studies, 105 taxa belonging to 2 classes and 24 families were identified. These taxa are presented in a list. Of the 105 taxa, 14 are new records for the mycoflora of Turkey.
