Erythrocyte sizes of some Urodeles from Turkey

Mehmet K. ATATÜR, H. ARIKAN, A. MERMER

Department of Biology, Science Faculty Ege University, Bornova, İzmir-TURKEY

Abstract: This study is on the erythrocyte sizes of some urodeles (*Salamandra salamandra*, *Triturus vulgaris*, *Triturus karelinii*, *Tri-turus vittatus*, *Mertensiella luschnani*, *Mertensiella caucasica*) living in various localities of Turkey. Blood smears stained with Wright's stain were utilized.
