ABOUT ICFM

The International Conference on Fluid Mechanics (ICFM) is the premier forum for the presentation of technological advances and research results in the fields of theoretical, experimental, and computational Fluid Mechanics. It provides a forum for researchers to exchange original ideas and recent advances in their respective research on Fluid Mechanics or relevant interdisciplinary subjects.

ICFM was initiated by Y. Shen (China), Y.C. Fung (USA), T.Y. Wu (USA), H. Sato (Japan) and J. Zierep (Germany) in 1987. It was organized by the Chinese Society of Theoretical and Applied Mechanics and successfully held in Beijing (1987, 1993, 1998), Dalian (2004), Shanghai (2007), Guangzhou (2011), and Qingdao (2015).
