The Sixth International Conference on Fluid Mechanics

(June 30-July 3 2011, Guangzhou, China)

The International Conference on Fluid Mechanics (ICFM) is the premier forum for the presentation of technology of theoretical, experimental, and computational Fluid Mechanics. It provides a forum for researchers to exchange their respective research on Fluid Mechanics or relevant interdisciplinary subjects. The conference is also intended to provide scientists and engineers on commonly interested problems in the field. It was organized by the Chinese Society of Thermofluid Dynamics and was successfully held in Beijing (1987, 1993, 1998), Dalian (2004) and Shanghai (2007).

The acceptance of presentations is based on review of the submitted extended abstracts. The notification of acceptance, preparation of papers and the template of manuscript will be forwarded to the prospective authors by November 15, 2010, in accordance with the recommended format and are required to be mailed to secretariats by March 31, 2011.

Authors should submit extended abstract and final manuscript by E-mail.

The official language of the Conference is English. All papers should be written and presented in English.
