Globalisation and concentration in Czech agro-food sector

Agric. Econ. – Czech, 48 (2)

The processes of globalisation and concentration have been also entering into the Czech agro-food sector market. Utilising information sources and developed country paper tries to present a complete picture of the Czech situation from the economic and institutional aspects. Based

limited Czech information so
market structure in the indivi
the food chains is presented
with the hypothesis about the
of the market power in the pr
agro-food sector: input supp
retailers – farmers – proce
paper also implies possibilitie
state to suppress negative ef
globalisation and concentrati
especially as regards the adj
the Czech market regulation
ones.

Keywords:

agro-food sector, agro-food r
globalisation, concentration,
power
