# **Agric. Econ Czech**

**R. Krninská**

**Globalisation,  
resources and  
increase of the  
potential in rel  
sustainable  
development in  
regions**

Agric. Econ. – Czech, 48  
129

Globalization can be unde  
process changing the very

modern human civilization  
its spheres and currently r  
itself mainly at the econon  
sided profit targeting, offer  
term efficiency, leads to di  
changes and imbalance a  
the economy. We can see  
the same time breaks in th  
nature, particularly in atm  
protection, and contradicti  
economic growth and sust  
development. The worldwi  
globalization is also acco  
process of localization. He  
to observe differences bet  
emerged global culture an  
cultural traditions in regio  
civilization changes interfe  
development of particular  
Flexible and appropriate r  
be provided on condition h  
is developed. It can fully d  
creative approaches only a  
accomplishment of persor  
and lifelong education. Th  
human resources is also r  
acceptance of the values c
