Agric. Econ Czech

F. Střeleček, P

Searching the proportional le operating cost specification o minimum volu production

Agric. Econ. – Czech, 48
116

This article concerns the types of costs and refers to the relationship between them. It also solves the relationship between costs and the output.

units, between costs and r
financial units), between tl
and the sale profit. The art
describes two possibilities
break-even point: one way
the dynamics of revenues
second one is to compare
expected variable costs. T
suggests the way how to f
