*The Conference Proceedings will be included in the IEEE Interactive Electronic Library (IEL) as part of IEEE Xplore. All authors who have been accepted must register for the conference and attend the conference to present their paper. Authors who do not attend the conference to present their papers, or arrange for a co-author or knowledgeable colleague to present their paper in the absence of the primary author, will not have their paper published in the IEEE IEL and IEEE Xplore, per latest IEEE policy.

1. Prepare the final version of the manuscript using the paper templates linked below.

2. **Register online**.

You MUST **register** before uploading your final paper. Papers will be included in the proceedings only if at least one author has registered and paid the **FULL IEEE Member or Non-Member registration fee** by **April 6, 2009.** Student fees do not ensure publication of a paper - no exceptions. One full registration covers only one (1) paper. To guarantee inclusion in the proceedings of more than one (1) paper, the author must pay a USD $50 surcharge for each paper in excess. If you need to register by bank transfer, please contact Chris Dyer, IST 2009 Administrator.

NO PAPER WILL BE PUBLISHED WITHOUT THE AUTHOR'S COMPLETED REGISTRATION AND PAYMENT.

3. **An electronic version of the final manuscript must be generated for the conference proceedings**.

From the final manuscript formatted as instructed above, authors must generate the electronic version in PDF format. Regardless of its initial format, the file containing the final version of the paper must be transformed in the PDF format using the IEEE PDF express web tool. PDF files generated by means of other tools are not acceptable.

To generate the IEEE Xplore compatible PDF file of your paper, follow these steps:

Create your IEEE PDF eXpress account by going to: **http://www.pdf-express.org** and using Conference ID: **ist2009x**

The first time you access the system, please follow the link to New user. Please note that, in order to access the service, you need to allow the use of cookies from the PDF eXpress web site. Once you have registered as a new user:

1. upload the source file (containing your paper) for conversion
2. receive by e-mail the IEEE Xplore-compatible PDF of your paper. Once you've received your PDF file, upload it to EDAS
