## The 3rd International Conference on Image and Signal Processing (CISP'10) The 3rd International Conference on BioMedical Engineering and Informatics (BMEI'10)

### Home

The 3rd International Conference on Image and Signal Processing (CISP 2010) and the 3rd International Conference on BioMedical Engineering and Informatics (BMEI 2010) will be jointly held from 16-18 October 2010, in Yantai, China. Yantai was listed as one of the world's most inhabitable places by the United Nations and was recognized as the "most charming city of China" by China Central Television. Undulating hills rise above the area's many rivers and are framed by beaches and neighboring islands. During summer, the breeze wafts from the sea, and the hills become ornamented with a sea of wildflowers. Famous tourist attractions include the Tashan Mountain, Kongdong Island, and Penglai Pavilion Scenic Area. Seafood and fruits are plentiful in Yantai.

CISP'10-BMEI'10 is a premier international forum for scientists and researchers to present the state of the art of multimedia, signal processing, biomedical engineering, and biomedical informatics. The previous CISP'09-BMEI'09 attracted over 3000 submissions from around the world. The registration fee of US\$390 includes proceedings, lunches, dinners, banquet, coffee breaks, and all technical sessions. CISP'09-BMEI'09 is technically co-sponsored by the IEEE Engineering in Medicine and Biology Society.

**Selected best papers will appear in SCI-indexed journal(s). All papers in conference proceedings will be indexed by both EI Compindex and ISTP, as well as the IEEE Xplore.**

<b>Deadlines</b>	Paper Submission	15 April 2010
	Decision Notification	15 May 2010
	Final Versions / Author Registration	15 June 2010
