

TRANSPORT PHENOMENA IN FLUIDS (19027.0719)

1. 19027.0719, 2017.10.12.12, 2018, 19027.0719, 19027.0719

Abstract: The study of transport phenomena in fluids is a fundamental aspect of fluid mechanics. It involves the study of mass, momentum, and energy transport in fluids. The study of transport phenomena in fluids is a fundamental aspect of fluid mechanics. It involves the study of mass, momentum, and energy transport in fluids.

Keywords: Fluid mechanics, Transport phenomena, Mass transport, Momentum transport, Energy transport.
