

The Investor's Role in Promoting the Construction Projects

Author(s): Răzvan Giușcă

Tomme: LIII (LVII) | **Fascicle:** 3-4 | 2007

Pages: 75-80

Abstract text:

One of the three main participants involved in the process of investments' promotion is the investor. He comes from the public or private sector. Being the promoter of the investment he plays an important economic function for it. He invests the profit obtained in previous projects or he obtains bank credits and risks them for new investments, in order to make supplementary profits. Beside of providing the necessary financial resources for the project, the investor has responsibilities regarding its conception and execution.
