

Ventilation and Heat Recovering System

Author(s): Olga Bancea

Tomme: LIII (LVII) | **Fascicle:** 3-4 | 2007

Pages: 91-98

Abstract text:

Some aspects concerning the heat reducing for ventilation, achieved by using heat recovering components and a combined heating--ventilating system, assuring both comfort and human health are presented. The floor imbedded systems together with air outlets elements could fulfill all the aesthetically desires, as well as comfort and they are ideal for family houses.
