关于举办“2005首届中国绿色财富论坛暨构建资源节约与环境友好型社会峰会”的通知

2005-10-28 访问次数: 作者:

中环学[2005]105号

各有关单位:

胡锦涛总书记在今年人口资源环境工作座谈会上指出,要大力宣传循环经济理念,加快制定循环经济促进法,加强循环经济试点工作,全方位、多层次推广适应建立资源节约型、环境友好型社会要求的生产生活方式。近期,国务院确定了我国发展循环经济和建设节约型社会的总体战略,发布了《关于做好建设节约型社会近期工作的通知》和《关于加快发展循环经济的若干意见》,国家环保总局解振华局长还主编出版了《领导干部循环经济知识读本》。这些都为我国发展循环经济指明了方向和实现途径。

为了推广“绿色财富”这一理念,使社会及相关产业以科学发展观看待资源的开发与利用,及时深入了解国内外资源型城市的发展状况,了解绿色经济、绿色产业的发展现状和最新成果,宣传我国在落实科学发展观,发展循环经济和环保型经济,提高资源有效利用效率,控制污染物排放总量,形成集约发展、清洁发展的国民经济体系方面所取得的成绩,更好地推动人类与大自然的和谐发展,在中国科学技术协会及国家环境保护总局的指导下,由中国环境科学学会主办、《绿色财富》杂志及网站协办的“2005首届中国绿色财富论坛暨构建资源节约与环境友好型社会峰会”拟于2005年12月16日至18日在北京举行。论坛的创办将为政府及行业管理者、中外企业家,从事绿色经济、绿色产业管理、研究的领导、专家、学者以及关注我国乃至世界可持续发展的人士提供一个开放、稳定、立体的交流平台。

一、拟邀请参会代表

拟邀请全国高校、科研院所的院士、教授、行业专家,各级政府主管环保领导,省、市招商局和环保局领导,国内外投资商、金融机构、企业家、各大新闻媒体等单位代表参加。

二、论坛的主要交流议题及内容

本次论坛及会议拟邀请来自国家发展与改革委员会、科技部、全国人大环境与资源保护委员会、中国科学技术协会、国家环境保护总局、国土资源部、全国人大财经委员会、国务院发展研究中心、中国科学院、中国社会科学院等单位的领导、经济专家做主题发言。

主要议题及内容有:

(一) 循环经济的推动与资源节约、政策驱动与地区经济发展

- 1、资源的循环利用、资源化管理及资源型城市的未来可持续发展;
- 2、我国城市生态建设与城市环境管理、综合整治的最新政策、发展形势与存在问题;
- 3、城市发展与创建全国环保模范城市专题报告;
- 4、生态工业循环经济、生态农业经济、高新技术产业的生态化推进;
- 5、生态工业示范区建设、生命周期管理与生态修复;
- 6、环境优美乡镇的创建与招商引资;
- 7、全面建设小康社会的环境目标、环境指标体系、环境资源分析探讨;
- 8、“十一五”期间经济发展中的环境保护目标及其综合指标体系与可持续发展战略新思路;
- 9、“十一五”配套的环境管理政策和经济政策、生态环境保护管理机制与投资机制。

(二) 环境友好与可持续发展

- 1、节约型经济与企业经营战略的调整;
- 2、可持续发展中的公共交通与能源使用效率及新能源技术应用;
- 3、环境管理与清洁生产——企业可持续性发展的重要条件;
- 4、实施清洁生产过程中如何加强环境管理;
- 5、健康的企业生态系统与企业家的社会责任;
- 6、工业企业循环式经营与生产,如何鼓励工业企业循环式生产,推动产业循环式整合,倡导社会循环式消费;
- 7、绿色成本控制与绿色营销;
- 8、绿色建筑与节能,环保型人居工程的推动。

(三) 论坛招商引资及信息发布

- 1、生态工业园区、环保产业园区招商引资项目发布;
- 2、省、市、县地区循环经济发展经验总结、交流;

(四) 争创模范城市、生态示范区、循环经济模范试点、资源节约、环境友好型、清洁生产先进企事业单位典型案例信息登记及会后的展示、推广。

三、论坛发言

论坛发言时间为20分钟/人, 限定人数。

四、论坛征文及文章刊载

“2005首届中国绿色财富论坛暨构建资源节约与环境友好型社会峰会”将根据以上议题征集论文。请各相关科研院所、企事业单位认真组织有关人员撰写论文。凡提交的论文, 可以参加2005首届绿色财富论坛优秀论文评选, 评审出优秀论文一、二、三等奖。获奖论文将被编入由中国环境科学出版社在会后正式出版的《中国绿色财富论坛优秀论文集》, 同时邀请优秀论文作者出席中国环境科学学会举办的活动。

本次论坛精华文章也将于会后刊载到《绿色财富》专刊及网站上。

五、论坛费用

正式代表收取注册费人民币1500元整, 学会会员及高校代表收取人民币1200元整。(注: 注册费包括资料费、研讨会论文集、会间茶点等费用)

参会代表食宿由大会统一安排, 费用自理。

请于2005年12月5日前将上述款项汇至论坛统一收款帐户:

户名: 中国环境科学学会

开户行: 北京银行官园支行

帐号: 05030001201050425-18

六、论坛秘书处联络办法

中国环境科学学会 于红文 刘圆圆 田海珍

Announcement of the First China Eco-Fortune Forum & Building Resources-saving and Environment-Friendly Society Summit

President Hu Jintao emphasized at the Meeting for Population, Resources and Environment that it is fundamental to implement the theory of circular economy, to speed up the legislation of the Law on the Promotion of Circular Economy, to enhance the circular economy demonstration projects, and to promote the corresponding product and lifestyles in an all round for building resources-saving and environment-friendly society. Recently, the State Council set the integrated strategy for developing circular economy and building resource-saving in China, and strives to build energy conservation society. Meanwhile, Minister Xie Zhenhua of SEPA compiled a Reading on a Recycling Economy for Local Officials. All of these show the direction for CN circular economy development, and implementation approaches are becoming clearer.

In order to extending the Eco-Fortune idea, The First China Eco-Fortune Forum & Building Resources-saving and Environment-Friendly Society Summit will be held in Beijing from Dec.16th to Dec. 18th, 2005, which is under the supervision of China Association for Science and Technology and SEPA, organized by the CN Society for Environment Sciences, and supported by Eco-Fortune magazine. It is hoped that this forum will help the public and the related government departments have a scientific concept for resource development and utilization, have a deeper knowledge of resource-efficient city development in China and the world, and understand the current situation and the newest achievement of green economy and green industry development. The Forum will be very important in popularizing the scientific d

development circular economy and environmental economy, improving the efficiency of resource utilization, decreasing the total pollutant discharge, forming intensive and clean development in national economic system. The Forum will provide an open, steady and solid communication platform for the government at different level, related administrative departments, enterprisers, experts focusing on green economy, industry management and research, and people interested in sustainable development in China and the world.

I. Target Participants

The Forum will invite academicians, professors and specialists from universities, academic and research institutes; government officials in environmental and economic fields; and representatives from fields of investment, economy, industry, environment and the media.

II. Forum Topics and Contents

This forum will invite government officials, experts on environment and economy to give keynote speeches on related topics. They are from the following government departments: National Development and Reform Commission, Ministry of Science and Technology, Environmental Protection and Resource Conservation Committee of National People's Congress, China Association for Science and Technology, State Environmental Protection Administration, Ministry of Land and Resources, Finance and Economy Committee of National People's Congress, Development Research Center of State Council, CN Academy of Sciences, and CN Academy of Social Sciences, etc.

Major Topics:

- A. Circular economy promotion and resource-saving, policy driving and local economic development.
 - a) Circular utilization of resource, resources-saving management and sustainable development of resources-saving cities,
 - b) New policies, development trends and challenges for China ecological city construction, city environment management, and integrated governance,
 - c) Special reports on city development and the establishment of national model cities for environmental protection,
 - d) The ecological promotion for ecological industry, ecological agriculture, and high-technology industry,
 - e) The Building of ecological industry demo-zone, life cycle management and ecological recovery,
 - f) The building of fund raising for Towns and Villages with Fine Environment,
 - g) Environment target, environment index system and resource analysis on an all-around-well-off (Xiao Kang) society,
 - h) Environmental protection target, its integrated index system and new theories of sustainable development strategy for economic development in the 11th Five-year Plan,
 - i) Environmental management and economic policy, and ecological conservation management and investment mechanisms in the 11th Five-year Plan.
- B. Environmental-Friendly Enterprises and Sustainable Development
 - a) The adjustment of Conservation economy and enterprise management strategy,
 - b) Public transportation, energy efficiency and new energy technology application in sustainable development,
 - c) Environment management and cleaner production – the prerequisites for enterprises' sustainable development,
 - d) Methods of strengthening environment management in implementing cleaner production,
 - e) Healthy enterprises' ecological system and entrepreneur's society responsibility,

f) Industrial circular management and production, measures to improve industrial circular production, industrial circular integration and social circular consumption,

g) Green cost-control and green selling,

h) The promotion of green building and energy-saving, environmental-friendly inhabitancy project.

C. Release of the information

a) Project release of ecological industry park, environmental industry park,

b) Experience summary and share on circular economy development at provincial, city and county levels,

D. Case registration, exhibition for ecological demo-zones, circular economy models, and energy-saving, environmental-friendly and cleaner production enterprises.

III. Forum Speech

Time allocation for each presentation (speech) is 20 minutes. Please note the number of speakers is limited

IV. Contact information

Ms. Tian Haizhen, Mr. Yu Hongwen and Mr. Liu yuanyuan
