英文目录:

Second Plenum of the State Council WSC Held

The State Council Work Safety Committee held its second plenum in the June 25 afternoon.

Huang Ju, vice premier and director general of the committee, attended and addressed meeting. Huang, also standing committee member of the CPMCC Political Bureau, called for settling the existing conspicuous problems and prevention of major and extraordinary accidents in dangerous chemicals, coal and non-coal mines, road traffic and crowded sites as the crucial points in safety treatment.

Safety Evaluation on Dangerous Chemicals Production and Storage Devices

Recently, the State Administration of Work Safety teamed up with departments concerned in formulating a Special Treatment Scheme to Deepen Safety in Dangerous Chemicals, specifying the safety packaging or container evaluation efforts in the second half of this year. Efforts are to be made to complete more than half of the job by the end of this year. Meanwhile, evaluation is to be organized for package (container) producers. Designate

certificates are to be issued to those that meet the requirements in a bid to realize standardized packaging management.

Special Inspection of Coal Mine Water Prevention

The State Administration of Work Safety (State Administration of Coal Mine Safety) dispatched a circular on July 5 regarding the recent previous water accidents in large and medium-sized coalmines. The Administration urged watchdogs at all levels to conduct special inspections, calling off production in case of any major hidden danger discovered. It also urged rigid investigations into liabilities of those in charge after certifying the causes and liabilities.

First Annual CPSHA Convention Held

The China Professional Safety & Health Association held its first annual convention and also a forum on professional safety and health in Chongqing, between July 2-4. Zhang Baoming, chairman of the CPSHA council and Zhou Mubing, vice mayor of Chongqing attended the meetings. Among the nearly 400 participants were leaders of government departments at all levels, large and medium-sized enterprises as well as experts and scholars from across the country.

Industrial Accident Insurance Premiums Paid for Farmer-turned Workers

Recently, the Ministry of Labor and Social Securities promulgated a notice on issues of farmer-turned workers participation in industrial accident insurance, which stipulates that these workers shall also enjoy industrial accident insurance according to law. The key point in the latter part of this year is laid on the architecture and mine sectors that are fraught with work accident risks and vocational harms.

NPWSC Set Up

A National Power Work Safety Committee (NPWSC) was set up on June 21 with functions as follows: Implement and coordinate nationwide power work safety work according to the unified plan of the State Council and the SAWS; study and propose major policies; analyze the situation and settle major issues in the field; coordinate emergency rescue and relief activities when necessary.

Luo Zhiming, male, born in Hong Kong in 1956, general manager of Hong Kong Luo's Professional Safety Advisory Co., Ltd, former council chairman of Hong Kong Professional Safety and Health Association. He has been on good terms with China Labor Protection Society since 1990. For 14 years he has worked hard to achieve the safety goals for all Chinese nationals.
