2014年会议论文

发布时间：2018-10-24 作者： 分享到：

序号	姓名	论文名称	会议名称	SCI会议收录	EI会议收录	CPCI-S收录	CPCI-SSH收录
1	尚梅	Analysis on regional difference of causal relationship between energy consumption intensity and economic growth in eastern, central and western China	2014 International conference on frontiers of advanced materials and engineering technology	否	是	否	否
2	冯套柱	The Research and Development Of Coal Mine Unedrground Drainage Equipment Automatic Control System	Modern Techcologies in Materials Mechanics and Intelligent Systems	否	否	否	否
3	姚琴	Research on theory and model of the B2C E-commerce buyer credit risk evaluation	2014 international conference on materials science and computational engineering	否	是	否	否
4	张金锁	Study on the relationship between energy consumption,carbon mission and economic growth in China	3rd International Conference on Energy,Environment and Sustainable Development, EESD 2013	否	是	否	否
5	李红霞	Coal Mine Safety Management Researching Situation Analysis Based on Knowledge Map	3rd International Conference on Energy and Environmental Protection	否	是	否	否

6	李琰	The Analysis of Residential Building Multi-Objective Optimization Model Based On Life Circle	第二届可持续能源与环境工程国际学术会议	否	是	否	否
7	李永清	Characteristics of Environmental Impact and Cumulative Effects Analysis	3rd International Conference on Energy and Environmental Protection, ICEEP 2014	否	是	否	否
8	闫晓霞	The optimal extraction path of exhaustible resources under environment control	2013 2nd International Conference on Sustainable Energy and Environmental Engineering, ICSEEE2013	否	是	否	否
9	索瑞霞	Problems in the International Standard Model Method and Empirical Study	Materials Engineering and Automatic Control III	否	是	否	否
10	李红霞	The Research of evaluation for the Emergency Capability of University Based on Catastrophe theory	7th International Conference on Intelligent Computation Technology and Automation	否	否	否	否
11	袁晓芳	Research on the Relationship Between the Logistics Service Quality and Customer Loyalty in C2C E-commerce	第十三届武汉电子商务国际会议	否	否	否	是
12	张伟	Study on coal' s green mining technology roadmap of Jurassic coalfield in northern Shaanxi	The 2014 2nd International Conference on Energy Research and Power Engineering(EPEE 2014)	否	是	否	否
13	史玉芳	Study on Multi-Objective Synergy of Construction Project Based on Reliability Theory	FAMET2014	否	是	否	否
14	尚梅	Discussion on strengthening design and constuction technique of simply supported girder bridge	International conference on technology management and engineering science	否	否	否	否
15	李红霞	The structure and measurement study of charismatic leadership style of management layer of fire protection unit	7th International Conference on Intelligent Computation Technology and Automation	否	否	否	否

16	白芙蓉	Green Construction Strategy of Construction Enterprise under Sustainable Development	2013ICE	否	否	否	是
17	张伟	Analysis of Impacting Factors of Regional Carbon Emissions Based on the STIRPAT Model—— A Case Study of Shaanxi Province	3rd International Conference on Energy and Environmental Protection, ICEEP 2014	否	是	否	否
18	冯套柱	Strategic thinking lifeblood of SMEs in the new situation	2nd Information Science and Management Engineering, ISME 2014	否	否	否	否
19	张金锁	Study on natural gas demand prediction model in China	3rd International Conference on Energy, Environment and Sustainable Development, EESD 2013	否	是	否	否
20	史玉芳	Research on construction reliability calculation method of engineering project	FAMET 2014	否	是	否	否
