Many health problems are caused by environmental pollutions, in order to provide a forum for researchers, industry professionals, and academics to understand the relationship between environmental pollutions and health problems, a special track called "Environmental Pollution and Public Health (EPPH2009)" will be held from June 14th to 16th, 2009 in Beijing within iCBBE2009. You are invited to submit papers in all areas of environmental pollutions and related health problems. **As we did in iCBBE 2008 and 2007, all papers accepted will be included in IEEE Xplore and cited by EI.**
